1. INTRODUCTION

Dear Learner

Welcome to the Certificate Programme in Human Rights. Human Rights are becoming one of the corner stones of new world order. The conception of these rights is of central importance in the development of the modern world. The Charter of the United Nations Organizations, that was established on 24 October 1945, contains elaborate provisions on human rights and fundamental freedoms. Since then a large number of declarations and treaties have promoted the rights of individuals, special categories and groups. A number of international institutions and gatherings, large and small, have been dealing with the state of human rights in various regions of the world and in individual countries. Learning about human rights is the first step toward respecting, promoting and defending the rights of the people. Therefore human rights education has become an important area of study. Considering the importance of education, the United Nations proclaimed the decade 1995 to 2004 as the U.N. Decade of Human Rights Education. The purpose of H.R. education is training, dissemination and information efforts aimed at the building of a universal culture of human rights through the imparting of knowledge and skills and the moulding of attitudes.

The certificate Programme in Human Rights aims to sensitize you on human rights issues and related matters and help you to work as an activist in the task of promotion and protection of human rights. We hope you have joined this programme with that intention. Since you have joined the programme at Indira Gandhi National Open University to learn through distance mode, it will be appropriate that you know about this University and Open and Distance Mode of Learning.

Madava Menon an eminent legal educationist. Prof. Menon's Committee suggested developing professional programmes in Law including programmes in paralegal education, court administration, law office management, legal aid administration, occupation based and management oriented legal education for middle and top level personnel in government and industry. The UGC Curriculum Development Centre in Law (CDC) setup in 1990 under the leadership of Prof. Upendra Baxi, an eminent jurist also underscored the importance

of Distance Education in Law as inclusive legal education for wider participation in legal profession, judicial appointments and government law offices.

4. INSTRUCTIONAL SYSTEM

The Methodology of instruction in this University is different from that in conventional universities. The Open University System is more learner-oriented. The student is considered an active participant in the teaching-learning process.

The University follows a multi media approach for instruction. It comprises;

- Self-instructional print material
- Audio and video cassettes
- Audio-video programmes transmitted through Television and Radio
- Teleconferencing
- Face-to-face interaction with academic counsellors at Study Centres
- Assignments
- Learning from experience exercises

4.1 Print Material

Print material is the primary form of instructional material, although there will be a few audio-video programmes and counselling sessions in addition to the print material. Therefore, you have to concentrate mainly on the print material that we send you.

The print material prepared by the University is self instructional in nature. Each course has been divided into a number of Blocks (4 or 5 Blocks for a 8 credit course). Each course begins with a course introduction. It gives you a brief idea of the course under consideration. Each Block consists of a number of Units (lessons). Normally, all the Units covered in one Block have a thematic unity. The first page of each Block indicates the contents i.e. the number and titles of the Units covered in that Block. This is followed by a brief introduction to the Block. This Block introduction explains the total coverage of the Block as a whole as well as the coverage of each Unit in that Block.

Each Unit is structured to facilitate **self study** for you. The section on **Aims and Objectives** briefly states what we expect you to attain when you have completed the Unit. This is followed by the main

body of the Unit, which is divided into various sections and sub-sections. In the main body there are a few exercises. You are supposed to read the text very carefully to get answers to the questions given under the heading; These provide you the opportunity to relate the text of the study material to your social context. It is interesting and you must do it.

The section **Summing Up** summarizes what has been said in the whole Unit. This summary enables you to recall the main points covered in the Unit. To facilitate comprehension, important words/terms covered in the Unit are explained in the section **Clarification of the Terms Used**. Some books or articles for additional reading are suggested in the section **Some Useful Readings**. For your reference purpose, some of these books may be available in the study center.

Read the Units carefully and note down the important points. You can use the space in the margin of the printed pages for making notes and writing your comments. While reading the Units mark the words that you do not fully understand. Look for the meaning of such words under the section Clarification of the Terms Used or in a dictionary. Read the Unit again and again until you have understood the point. However, if you still do not understand something, consult your counsellor during the face-to-face sessions at the Study Centre for clarification.

4.2 Audio-Video Material

In addition to the print material, audio and video programmes have been prepared for each course. The audio-video material is supplementary to the printed material. Hence, we advice you to make use of it, as these will help you to understand the subject better. Video programmes are transmitted by Doordarshan. The transmission schedule is given in the University Newsletter which is sent to every student.

Audio-video material will not be supplied individually but will be made available for you at the Study Centres. You can watch these programmes during counselling sessions. Students desirous of buying the audio-video tapes can procure them from Marketing Unit, Electronic Media Production Centre, IGNOU, Maidan Garhi, New Delhi-110068.

4.3 Teleconferencing

To reach our students spread in different parts of the country we take the help of teleconferencing. These sessions are conducted from Delhi. The students can attend these at the Regional Centres and specified Study Centres of IGNOU. It is a one way video and two way audio facility. You will be sent a schedule with topics in advance through your study centres. The IGNOU faculty at Delhi and other experts as resource persons participate in these sessions. You can put your problems and questions to these experts through the telephone, fax and e-mail available at receiving centers free of cost for you. These will help in resolving your queries related to courses and other general information pertaining to programmes of study.

4.4 Counselling

In distance education, face-to-face contact between the learners and their tutors/counsellors is an important activity. The purpose of such a contact is to answer your questions and clarify your doubts which may not be possible through any other means of communication. It is also intended to provide you an opportunity to meet fellow students. There are experienced Academic Counsellors at the Study Centres to provide counselling and guidance to you in the courses that you have chosen for study. The counselling sessions for each of the courses will be held at suitable intervals throughout the whole academic sessions.

The counselling sessions are not compulsory. However, they may be very useful in certain respects such as to share your views on the subject with teachers and fellow participants, comprehend some of the complex ideas or difficult issues, and get clarifications for your queries and also to discuss Learn From Your Experience activities.

Face-to-face counselling will be provided to you at the study centre assigned to you. You should note that the counselling sessions will be very different from the usual classroom teaching or lecturers. Counsellors will not be delivering lectures. They try to help you to overcome difficulties which you face while studying for this programme. In these sessions you must look into the subject-based difficulties and any other issues arising out of such difficulties. Besides, some of the audio and video cassettes that are available at that time will be played in the counselling sessions.

Before you go to attend the counselling sessions, please go through your course material and note down the points to be discussed. Unless you have gone through the Units, there may not be much to discuss. Try to concentrate on the relevant and the most important issues. Also try to understand each other's points of view. You may also establish personal contact with your fellow participants to get mutual help for academic purposes. Try to get the maximum possible help from your counsellors.

Generally there will be 5 counselling sessions for a 4-credit course.

The detailed schedule of the counselling sessions will be made known to you by the Coordinator of your Study Centre.

4.5 Study Centre

To provide effective student support, IGNOU has set up a number of Study Centres all over the country. You will be allotted one of these Study Centres taking into consideration your place of residence or work and a minimum number of student enrolment in the Study Centre for this programme. However, each Study Centre can handle only a limited number of students and despite our best efforts, it may not always be possible to allot the Study Centre of your choice. The particulars regarding the Study Centre to which you are assigned will be communicated to you. The list of Study Centres where counselling facilities for this programme are likely to be available on IGNOU Website www.ignou.ac.in and also in the University Prospectus.

Every Study Centre of IGNOU has:

- A Coordinator who will coordinate activities at the centre.
- An Assistant Coordinator and other supporting staff appointed on a part-time basis.
- Counsellors in different courses to provide counselling and guidance to you in the courses you have chosen.

A Study Centre will have six major functions:

- 1) Counselling : Face-to-face counselling for the courses is provided at the Study Centres. The detailed programme of the counselling sessions will be sent to you by the Coordinator of your Study Centre.
- 2) Evaluation of Assignments: Tutor Marked Assignments (TMAs) will be evaluated by the Counsellors at the Study Centre.

- 3) **Library:** For each course some of the books suggested under. Some Useful Reading are available in the Study.
- 4) **Information and Advice:** At the Study Centre you get relevant information regarding the courses offered by the University, counselling schedules, examination schedule, etc. You will also get guidance in choosing your course.
- 5) **Audio-Video Facilities:** The Centres are equipped with audio-video facilities to help you make use of the audio and video cassettes prepared for different courses.
- 6) **Interaction with Fellow-Students:** At the Study Centres you get an opportunity to interact with fellow students.

5. EVALUATION

Evaluation consists of two parts: 1) continuous evaluation through assignments, and 2) term-end examination. In the final result, continuous evaluation (assignment of a Course) carries 30% weightage, while 70% weightage is given to term-end examination. The following is the scheme of awarding divisions and grades:

Division	Percentage Range	Grade	Point Grade
I	80 and above	A – Excellent	5
	60 to 79.9	B – Very Good	4
II	50 to 59.9	C – Good	3
Pass	40 to 49.9	D – Satisfactory	2
Unsuccessful	Below 40	E – Unsatisfactory	1

You are required to score at least 40% marks in the continuous evaluation (assignments) as well as term-end examination separately. In the overall computation also **you must get atleast 40% marks in each course** to claim the Certificate in Human Rights.

5.1 Assignments

Assignments constitute the continuous evaluation system. Submission of assignments is compulsory. Assignments of a Course carry 30% weightage while 70% weightage is given to the term-end examination.

There is one Tutor-Marked Assignment (TMA) for each Course. You will have to submit one TMA for each Course. These assignments are designed to test your comprehension of the print material you receive, and to prepare you for the term-end examination. They are designed in such a way as to help you concentrate mainly on the printed Course material and supplement with personal experience, conceptual grasp, and keen observation.

You will not be allowed to appear for the term-end examination for a Course if you do not submit the assignment in time for that Course.

The evaluators/counsellors after correcting the assignments shall send them back to you with their comments and marks. The comments guide you in your study and help in improving your performance.

The University/Coordinator of the Study Centre has the right not to entertain or to reject the assignments submitted after the due date. You are therefore, advised to submit the assignments before the due date.

If you do not get a passing grade in any assignment, you have to submit it again. However, once you get the pass grade in an assignment, you cannot re-submit it for improvement of grade. Assignments are not subject to re-evaluation except for factual errors, if any, on the part of the evaluator. The discrepancy noticed by you in the evaluated assignments should be brought to the notice of the Coordinator of the Study Centre, so that he/she forwards the correct score to the Student Evaluation Division (SED) at the Headquarters.

Whenever you receive a set of material and assignments, check them immediately and ask for missing book/books, if any, to the Material Production and Distribution Division, (IGNOU, Maidan Garhi, New Delhi-110068) or the Coordinator of your Study Centre.

5.2 Term-end Examination

Examination Intimation Slip

After receiving the examination forms from you, the University will send an intimation slip to you before the commencement of examinations. If you do not receive the **intimation slip** 15 days before the commencement of examinations, you may contact your Study Centre or Regional Centre or Student Evaluation Division at the Headquarters. If your name is registered for examinations in the list sent to the Study Centre, **even if you have not received intimation slip or misplaced the intimation slip, you can take the examination by showing your Identity Card (Student Card) to the Superintendent of the Examination Centre.**

Examination Centre

Your Study Centre is normally your examination centre. Change of examination centre is permissible in exceptional cases for which you have to make a request to the Director, SE Division at least one month before the commencement of examinations.

Your enrolment number is your Roll Number for examinations. Be careful in writing it. Any mistake in writing the Roll Number will result in non-declaration of your result.

It is your duty to check whether you are registered for that course and whether you are eligible to appear for that examination or not. If you neglect this and take the examination without being eligible for it, your result will be cancelled.

Study Centre is the contact point for you. The University cannot send communications to all the students individually. All the important communications are sent to the Coordinators of the Study Centres and Regional Directors. The Coordinators would display a copy of such important circular/notification on the notice board of the Study Centre for the benefit of all the students. You are, therefore, advised to get in touch with your Coordinator for day-to-day information about submission of examination forms, date-sheet, list of students admitted to a particular examination, declaration of result, etc.

While communicating with the University regarding examination, please clearly write your enrolment number and complete address. In the absence of such details, we will not be able to attend to your problems.

6. TIPS FOR EFFECTIVE LEARNING IN OPEN UNIVERSITY

How to Approach your Studies : It would be beneficial for you to go through the Programme Guide as well as the Handbook provided by the University. This will help you to know exactly about the facilities being extended and how you can make best use of these in your learning. This will provide you an idea of what to expect from the system and how best to use the support being provided.

Quasi-permanent Separation : To bridge your semi-permanent separation from your counsellor and to enable you to take advantage of the flexibilities provided in the Open Distance Learning (ODL) system, provision for Face-to-Face interaction has been made. Moreover, you can contact your teachers at the Headquarters through phone and e-mail. However, the onus of learning is on you. You must make full use of flexibility, facilities and innovativeness provided by the system.

Adhere to the Schedule of Operations : Various activities in the ODL system are time bound and the details are given in the Programme Guide and the Handbook sent to you. Adherence to the Schedule of Operations shall help you enormously in completion of the Courses. As a thumb rule, if you study three hours a day regularly, you should be successful in completing the course in the minimum stipulated time.

Studying at your Pace and Place : You can learn at your pace and place, but it would help if you periodically revise what you have learnt. This would also enable you to assess as to how much remains to be done. The Distance Education system provided for an in-built teacher in the Self Instructional Material (SIM). Your pace of learning could be faster and effective if you abide by the instructions given to you in the SIM, and follow the sequence and steps suggested therein, as the objectives of these access devices is to regulate your pace of learning.

Taking Notes : In SIMs, some space has been provided to take important notes. You should identify keywords/terms, and put remarks while going through it. This facilitates cross-referencing. You must answer/solve problems in the Activity yourself, for better understanding and preparation for the examination.

Using Media Effectively : Audio-visual learning is faster and can be more effective. That is why multi-media is one of the integral components of our multiple media instructional package. For complementing your learning with the help of multi-media effectively, you should visit your Study Centre for counselling and insist that your counsellor shows A/V programmes. Such visits will also help you obtain the latest information on broadcast and telecast of programmes and teleconferences. Now IGNOU has a 24 hr. TV Channel 'Gyan Darshan' and a countrywide network of FM radio stations. You should contact your cable operators to beam Gyan Darshan. In case, it is not possible for you to visit your SCs for some reason, you can procure these cassettes/CDs from the University for convenient viewing.

Preparing Assignment Responses: The separation between the teacher and the taught in the ODL system is bridged through dialogue established by continuous assessment. Your assignment responses provide an opportunity to your counsellor to guide you and pace your learning depending on your progress. Therefore, you must write your assignment yourself, in your words depending on the scope of every question. In some questions, you might be required to give a brief outline, while in other you may

be asked to give your justifications/demonstrate your skills and knowledge/given detailed description, etc. It is also possible that you may be required to refer to a particular source of information or data and present your analysis. You may also discuss implications and suggest application and/or give illustrations.

When you have answered the assignments, pause for a while and recheck your response to make sure that :

- The language is your own, simple and comprehensible;
- It covers all relevant aspects and with expected details;
- The content is accurate and relevant;
- The presentation is logical and clear;
- The main points are well supported by examples/arguments/is illustrations; and
- The response has been legibly written.

Taking the Term-end Examination : In our system of education, career prospects are influenced by the performance in examinations. So, you should approach examinations with some caution. However, this should not cause anxiety. Another important point to be kept in mind is that you must submit your assignments as per schedule before the examination.

Preparing for the Examinations : The surest way to success in examinations is to conscientiously employ effective study techniques over a period of time. For example, if you follow the tips provided here, your chances of success will improve. You will certainly remember more, have a better understanding, and be able to organize your ideas quickly and effectively.

On the Examination Day : When you receive the question paper:

- Read the instructions and the question paper right through very carefully, paying attention to each question;
- Be objective, and assess what precisely the questions demand of you;
- Budget your time, that is, you should carefully allocate your time according to the weightage given to each question; and
- Plan your answer and form a sense of priority.
