2. MSCENV PROGRAMME

2.1 Background of the Programme

Undoubtedly, the earth is finding itself difficult to sustain a growing human population. The issues concerned with the environment are many and are interconnected so much so that a holistic, scientific and sustainable environmental management strategy is the need of the hour. Master of Science (Environmental Science) Programme aims at generating skilled man power to tackle the growing environmental and developmental problems and changes arising from the transition to a sustainable society. This programme will give an insight into the socio-economic causes and the characteristics of pollution and degradation of the natural environment, including the effects on human beings, the atmosphere, ecosystem and the other organisms. The programme will provide learners with the necessary means to develop the capacity to carry out independent assessments on environmental issues. In addition, learners will be well equipped to analyze and assess environmental systems and problems; be able to propose sustainable solutions to environmental problems; and contribute to the development of policies and strategies for environmental planning. Being an interdisciplinary field of knowledge, environmental science includes specializations with multidisciplinary scope in which the students will learn to address the challenges of maintenance of environmental integrity for sustainable development in relation to human activities.

2.2 Objectives of the Programme

- To equip the learners with knowledge and understanding of the physical, chemical and biological processes of the environment
- To expose the learners with theoretical principles involved in air, water and soil pollution and monitoring systems
- To emphasize the principles and practices involved in sustainable natural resources management and environmental management
- To impart knowledge and understanding in impact assessment, environmental audit and laws

2.3 Programme Offer and Coverage

2.9 Prospects

Scientific study of the environment with a penchant for identifying the causes of the environmental problems and ecological and sustainable solutions to environmental management forms the pervasive learning activity during the Master of Science (Environmental Science). This categorically paves way for higher learning directed exclusively on in-depth analysis of the environmental issues, scientific inquiry about the root cause of the problem, comprehensive impact assessment and pragmatic solutions with socio-ecological and economic feasibility for pursuing higher education for research and development. Environmental science graduates have multiple career options. They can work with different Ministries, government departments and agencies working on air, water, forest, climate change, waste management, Pollution Control Boards, Urban planning, Industries, Water resources and Agriculture ZSI, BSI, etc. Private industries and firms also absorb a large number of environmental scientists to suggest proper methods and processes. Waste treatment industries, refineries, distilleries, mines, fertilizer plants, food processing industries and textile mills employ environmental scientists. Environmental scientists also can be involved in research activities in public and private sector institutions. Environmental scientists also can seek employment in media as environment journalists. Teaching in colleges and universities is also a good option available for environmental scientists.

4. INSTRUCTIONAL SYSTEM

The instructional system of IGNOU is more learner-oriented and learner-centred. In this system, the learner is an active participant in the teaching-learning process. Most of the instruction is imparted through distance mode of communication rather than face-to-face mode of communication. The University follows a multi-media approach for instruction. The instructional system of MSCENV also follows multi-media approach i.e. self-instructional print material, audio-video programmes, assignments, face-to-face counseling sessions, teleconferencing and interactive radio counseling, among others.

4.1 Self-instructional Print Material

The print material is written in self-instructional style. It is in the form of blocks (booklets) specially prepared for theory courses of the programme. Each course has a specific code number assigned to it. They are supplied to each learner along with a set of assignment questions. The learner has to complete the required assignments related to each course. Each course may have 3-4 blocks and each block may have 3-4 units.

4.2 Audio-video Programmes

The learning package also contains audio-video programmes which are produced by the University for supplementing and enhancement of understanding of the course material given to the learner. These programmes are normally of 25-30 minutes duration. These are used at the Study Centres during counseling sessions which are duly scheduled and notified by the programme in-charge/coordinator of study centre for the benefit of the students. The video programmes are also telecast on Gyan Darshan and Swayam Prabha channel. Similarly, the audio programmes when produced are also broadcast by Gyan Vani and selected stations of All India Radio. Learners can contact study centres for further information.

4.3 Assignments

Assignments are an integral and compulsory component to the instructional system. There is one tutor-marked assignment for each theory course. Students will have to work on these assignments. Each student should submit the assignment responses to the Coordinator/Programme In-charge of the Study Centre in accordance with the given assignments' submission schedule. **Students can download the assignments from IGNOU website (www.ignou.ac.in) at student's zone or at SOITS webpage.**

4.4 Counseling Sessions

Up to six counseling sessions per course are held at the study centres as per the schedule drawn and notified by the coordinator/programme in-charge of the concerned centre. They are mostly held on weekends (i.e. Saturday and Sundays) as per the convenience of the host institution where the study centre is located. However, if the number of students for the programme at a programme study centre falls below 10 (ten), then the counseling and support services may be handled by a Distance Learning Facilitator or the programme coordinator or the faculty of the School concerned or through an appropriate alternative arrangement.

Lab courses

Laboratory courses are an integral component of the M.Sc. (Environmental Programme) programme. You should bear in mind that the attendance in the Laboratory course is compulsory. Every experiment is evaluated and is included for final evaluation, the weightage being 70%. Hence, a student has to perform all the experiments in order to be able to secure maximum marks. The remaining 30% will be assigned for the unguided experiments to be performed by the student at the end of the Lab course. You are advised to pace your laboratory courses. As far as possible, you should complete the laboratory courses in the year in which you register for them.

4.5 Teleconferencing

Tele conferencing sessions are conducted through interactive Gyan Darshan Channel from the University studios as per the schedule made available to the Regional and Study Centres. Tele conferencing is an effective means of interaction between the learners, experts and others concerned with the programme. It provides an interesting opportunity to the students to interact with the faculty members at the head quarters, and other experts/eminent scholars in the field. The learners' will have to go to the nearest reception centre at the scheduled time for taking the benefit of this facility.

4.6 Interactive Radio Counseling

Interactive Radio Counseling is an important component of distance learning in IGNOU. Live counseling is provided on radio by invited experts for an hour from different radio stations in the country. Students can ask questions right from their homes through telephone by availing the facility of toll-free telephone number 1600112345 provided for this purpose from selected cities.

6. EVALUATION

Theory Courses

The evaluation of the performance of the students will be based on two aspects: (i) continuous evaluation through assignments with a weightage of 30% and (ii) term-end examination having a weightage of 70%. In order to successfully complete the course, a student is required to submit one assignment for each course.

Qualifying Marks: In order to successfully complete a theory course, the student must obtain at least '40%' in the assignment and '40%' in the Term-End Examination (TEE) separately in each course.

Overall Grading: The final score for each course is computed by combining continuous evaluation score and term-end examination score.

Lab Courses

For the practical courses, evaluation comprises of two aspects:

- a) Continuous Evaluation: As part of continuous evaluation, the learner will have to perform guided experiments and the weightage for guided experiments is 70%.
- b) Term-End Examination: Remaining 30% will be assigned for the unguided experiments to be performed by the student at the end of the Lab course.

The grading system depending on the percentage of marks secured by the candidates in TEE.

Letter Grade	Qualitative Level	Grade Points	Average Grade Point Range	Percentage Equivalent
A	Excellent	5	4.50 & above	80% and above
B	Very Good	4	3.50 to 4.49	60% to 79.9%
C	Good	3	2.50 to 3.49	50% to 59.9%
D	Satisfactory	2	1.50 to 2.49	40% to 49.9%
E	Unsatisfactory	1	1.49 & below	Below 40%

ASSIGNMENTS

The purpose to work on the assignments is to provide you an opportunity of articulating your assimilated knowledge and understanding in to written form and also to test your capacity of transferring the theoretical learning from the courses to practical situations. Thus, the assignments practically enhance your understanding as well as skill to articulate and express in writing. There is one assignment for each theory course. The answers to assignment questions are to be based on your own judgment and experiences as a student. You should not reproduce the text materials or copy the information from other sources. However, you may use the course material and any other sources of information for ready reference. But the answer should be in your own words and should reflect your own ideas. Please note that your assignment responses carry 30% weightage towards the final evaluation of each theory course. If you do not complete the assignments according to time schedule of assignments of the relevant academic session, then you have to attempt the assignment questions of the next session and submit the assignment responses according to the schedule of that session. You have to send the assignment-responses to the Study Centre you are attached to as per schedule. The instructions given in the assignments should be kept in mind while you prepare and submit the assignment responses.

TERM-END EXAMINATION (TEE)

The TEE is another component to evaluation system with 70% weightage for each theory course. The University conducts term-end examination (TEE) twice a year i.e. in June and in December of every year. In case you fail to get a pass score in the TEE, you will be eligible to re-appear in the next TEE for that course, till the final span of the programme i.e. prior to completion by you of the maximum duration of four years from the date of your admission/registration to the programme.

Examination date-sheets (schedule which indicates the date and time of examination for each course) are sent to all the study centres and the same is also notified through the IGNOU website.

It is a pre-requisite to submit the Examination Form with a fee of Rs.120/- (revised from time to time) per course in the form of demand draft drawn in favor of IGNOU and payable at New Delhi or at the city where the concerned Regional Centre to which you are submitting your form is located (Copy of the examination form is given in Annexure-IV). They are also available at Study Centres, Regional Centres, and Student Evaluation Division at the Headquarters at New Delhi. The form can also be downloaded from IGNOU website: www.ignou.ac.in. Only one form is to be submitted for all the courses you are appearing in TEE.

- Normally your Study Centre is the Examination Centre. In case you wish to take examination at a particular centre, the code of your chosen centre is to be filled up as Examination Centre Code. However, if Examination Centre chosen by you is not activated, you will be allotted to any other Examination Centre under the same region.
- Change of Examination Centre, once allotted, is not permissible under any circumstances.
